PROTOSTAR ✨ CONTRACTING SERVICES

INTRODUCTION

ProtoStar General Contracting has been having high quality work with the ideas, guidance and execution by the well experienced experts professionals who have worked for Princess Nora University, SPIMACO Head-office, and NEOM. Within short period it has created several milestones during work with many reputed clients at different parts of the world including the Kingdom of Saudi Arabia.

The regular and constant effort to make the marvelous position in the industry the ProtoStar has touched several other types of constructions areas. It has also been recognized for the excellent results produced in infrastructure, framing, housing, design etc.

There are two main reasons the company has gained to achieve the brand name and these are the delivery timeframe and the trust. Unlimited Resources has always delivered projects within the promised timeframe and in this way a great bonding is created between the company and the clients that have resulted into trust. This has been proved by the repeated orders from the existing clients.

In short it was established with the goal to help the industry with the construction assignments and projects. In a country like Saudi Arabia, the development is based on the infrastructure. With this point keeping in mind, the company was started by name of the ProtoStar General Contracting has touched the several success pillars with certain values such as the safety, integrity, leadership, teamwork and personal accountability. Both the in commercial and industrial sectors, we have been recognized as industry leaders. Though we have won several awards but the satisfaction we have been able to provide to our clients are the real victories we think we have gained.
